

## Rights, Respect, Responsibility®

Faith Community Leadership Event  
in collaboration with Planned Parenthood

### Teen Birth Rate

### Teen Abortion Rate

Despite the substantial 17% decline in teenage pregnancy during the 1990's, the United States continues to have the highest rate of adolescent pregnancy, childbearing and abortion in the industrialized world. The incidence of sexually transmitted infections among U.S. (and Oregon) teens is also higher than in many industrialized countries.

## We Can Do Better!

As someone who cares about young people,  
you are invited to attend  
a faith leadership event to:

- Learn about the successful European approaches to adolescent sexual behavior and responsibility
- Examine possible implications for Oregon: Can these strategies work for us... and if so, what are the steps to getting there?
- Explore ways to effectively address this issue within your own congregation

January 29, 2002      6:00 p.m. – 8:30 p.m.

First United Methodist Church  
1376 Olive St.      Eugene

\*\*\* light supper provided \*\*\*
